

PLANT TURNAROUND SUPPORT

Proven, Cost-Effective Services for Petro-Chemical, Power Generation and Manufacturing Facilities

Industrial plant turnarounds are complex, costly and fraught with risk. Through every turnaround phase, there are challenges that jeopardize performance requirements and budgetary bottom lines. Working safely through these phases requires a partner who understands what's at stake: Not only the health and well-being of your employees, but the turnaround timeline itself.

Capstone Fire & Safety Management and Rural Metro Fire, Global Medical Response (GMR) companies, are the leaders in private fire protection and suppression services, while GMR itself is the leader in ground and air emergency medical services. Together, we understand the complexities and pressures you face during a plant turnaround. Our goal is to keep your people and equipment safe while you complete your turnaround on time. We offer a number of services to right-size our support for you.
